

South Carolina Association of REALTORS®

One of the best ideas we feel we had this year is, Delegation Days. This took the place of our Realtor Rally at the State House. Now we have every Association across the State make an appointment to go to the State House and take around 12 to 15 members or more to meet with the State Association staff and we all have an appointment to meet with each persons State Legislator. This has been a big hit for our Realtor agenda. The one on one meeting takes place in a room and not in the lobby like it was in the past. When we leave we have made great contacts and feel we have really accomplished what we set out to do, which is to get our concerns in front of the Delegating body. I also need to mention we do this on Tuesdays and each Association picks a Tuesday so we are not there at the same time so we are constantly meeting with the Delegation over the course of the session. We have had such a great year and busy year its hard to believe its coming to a close.
